

Viksit Bharat@2047: Voice of Youth

The government of India has initiated a new program to channelise the innovative ideas of the youth into nation building by inviting them to ideate and contribute to the vision of Viksit Bharat@2047, which is to be a developed nation by the year of 2047, the 100th year of our independence in an outreach manner. Various aspects of development including economic growth, social progress, environmental sustainability and good governance are the main focus of this program. The role of the youth, who constitute our largest population group, has a huge role as they will lead India to Viksit Bharat 2047.

In this context, the students of our affiliated Institutes are encouraged to share their ideas to the government portal provided. To obtain maximum participation from students in giving suggestions/ideas on the Viksit Bharat webpage,

- Posters, banners and standees that contain the information along with webpage link and QR code could be pasted/erected in campus.
- Notices on notice boards along with relevant information.
- A selfie booth may be erected in campus with catchy slogans.
- Faculty members & Class representatives to discuss with the students about the campaign and encourage them to participate.
- Half Marathons/ Cycle runs for Ideas4ViksitBharat may be organised.
- Infographics/short films/social media posts to be shared on college WhatsApp groups.
- Debate competitions among students on theme of Ideas4ViksitBharat.
- The students are also encouraged to perform rural outreach programme.

Colleges may come up with their own innovative ideas to engage students. The Students can submit their ideas and feedbacks for the period of 11.12.2023 to 25.12.2023 and download their certificates.
