**LABORATORY:**

i)

Facilities for Teaching Pharmaceutical/ Inorganic & Organic Chemistry, Physical Chemistry, Anatomy, Physiology and Health Education, Mathematics and Bio-Statistics.

:

	ii)	..17.. Whether Adequate chemicals, glasswares and necessary equipments as applicable to the syllabus recommended for entire B.Pharmacy Degree Course are available. (Please furnish the list therefore).		
	iii)	Whether Pharmaceutical Chemistry Laboratory with a minimum space of 75 sq. mtrs. accommodating the Laboratory Balance Room, Preparation Room, Laboratory Staff Room, Fume cupboard. This laboratory shall be utilized for the practicals in Medical Chemistry.		
	iv)	Whether a separate physiology laboratory in a minimum space of 75 sq. mtrs feet with facilities for experimental physiology, smoking and varnishing chamber, frog tank and animal room should also situated adjacent to laboratory.	:	
	v)	Whether all the laboratories above mentioned shall have a good lighting, ventilation and sufficient number of door for any emergency.	:	
	vi)	Whether each laboratory shall be fitted with work benches and furniture required for 20 students in a batch as per the standard specification & the Pharmaceutical Chemistry laboratory shall have all the equipments as essential as per the syllabus.	:	
	vii)	Whether adequate number of Exhaust Fans and Fire Extinguishers in each Laboratory.	:	
	viii)	Whether Anatomy Museum cum Demonstrator Hall in a minimum space of 50 sq. mtrs is available.	:	
	ix)	a) Whether a Store-Room for chemical and glassware's in a minimum space of 100 sq. mtrs is available.	:	
		b) Whether a Petrol Gas Plant or LPG Gas supply shall be provided.	:	

		18		
	x)	Whether one lecture hall of 75 sq. mtrs with a seating, capacity for 60 students with adequate ventilation lighting and fans are available. In addition there shall be one tutorial hall of 33 sq. mtrs with adequate ventilation lighting and fans.	:	
	xi)	Whether staff room for all departments with sectional library are available.	:	
	xii)	Whether a separate administrative office with a minimum space of 150 sq. mtrs.	:	
	xiii)	All the said laboratories shall be functional at the time of inspection	:	
	xiv)	Whether a minimum of 20 chemical balances, vacuum pump, single pan analytical balances with associated equipments and instruments fully installed in the room adjacent to the laboratory are available.	:	
	xv)	Whether a separate department of Pharmaceutical chemistry with a laboratory of 75 sq. mtrs with a standard chemistry laboratory with tables to accommodate 20 students in a batch of a time with gas, water drainage and sufficient electrical connection on the table and in the laboratory for easy operation of electrical equipments are available. There should also be a provision for vacuum points and space for laboratory, staff preparation room and balance room. There should also be a Professor's Room.	:	
	xvi)	Whether a separate laboratory of 75 sq. mtrs for physical and preparative pharmacy with water, drainage, gas and electrical connection in the tube as well as at suitable points in the wall and the preparation room are available.	:	

		..19.. a) A multi-purpose hall with facilities for audio-visual aids for use of Seminars, Symposia and for the conduct of the examinations. The hall shall have a seating capacity of 120 students.		
		b) All laboratories shall be provided with- i) Hot plats in adequate number ii) Heating mantles in adequate number iii) Driers in adequate number iv) Vacuum pumps v) Deioniser vi) Distilled water stills	:	
	II)	<b><u>ADDITIONAL DEPARTMENTS:-</u></b>	:	
		a) Pharmacology Department		
		b) Pharmacognosy Department		
	III)	<b><u>ADDITIONAL LABORATORIES:</u></b>	:	
	i)	There shall be a Pharmacognosy laboratory of 75 sq. mtrs to accommodate not more than 20 students at a time with separate space for preparation room, laboratory staff room. They shall be fitted with Biology, type of work tables with provision for gas, water drainage and electrical connections, on the table with fixed fittings for microscopic work.	:	
		Separate sinks for washing shall be provided in the preparation room. A store room of 15 sq. mtrs shall be provided in continuity with the laboratory. A museum room of 50 sq. mtrs shall be set up with future for display of crude drugs. An aseptic room of 20 sq. mtrs shall be provided with an A/c unit for Tissue culture work.	:	
	ii)	Whether a provision for Medicinal Garden to provide and to grow atleast 250 Medicinal Plants	:	

	iii) Whether a Pharmacology department with a separate laboratory of 75 sq. mtrs with a provisional for experimental pharmacology with adequate gas, water, drainage and electrical connections. A preparation room, a laboratory, staff room and a smoking and varnishing room shall also be provided.	:	
	iv) Whether a Department of Pharmaceutics with a separate laboratory of 75 sq. mtrs for Pharmaceutical Dosage forms practical with gas, water, drainage and electrical connections on the table. A preparations room for laboratory staff have been provided adjacent to the laboratory.	:	
	a) Whether a separate machine room of 80 sq. mtrs shall also be provided with electrical plug points for fixing all the pharmaceutical machineries as required under the syllabus and making it operational for the use of the students. Gas and water supply with drainage shall also be provided at appropriate points. This Machine room is available in continuity with the Pharmaceutics laboratory.	: : :	
	b) Whether the Pharmaceutical Bio-Technology under department of Pharmaceutics of 75 sq.mtrs with Biology type of work tables with gas, water and drainage facilities. A small room of 10 sq mtrs with a laminar flow unit with A/C for aseptic, dispensing and other microbiological work to manage both clinical and hospital pharmacy and dispensing and biological pharmacy is available.		
	v) Whether an additional Pharmaceutical Chemistry Laboratory with a minimum space of 75 sq.mtrs. Accommodating the laboratory balance room, preparation room, Laboratory Staff room, Fume cupboard as required under the syllabus. The Laboratory shall be utilized for the Practicals in Medicinal Chemistry.	:	

	vi)	Whether the equipments, glasswares, chemicals etc., for the laboratories and connected departments must be in accordance with the syllabus recommended and pharmacy regulations as prescribed if any by the Pharmacy Council of India in adequate quantity and number.		
	vii)	Whether the Library facilities for the students shall be expanded to provide for 2500 books of 250 titles covering all the subjects in the entire course and not less than 10 national & five international journals in different specialties.
