

**Dress Regulations in Hospitals for
U.G. Medical Students – (Male)
while examining patients**

- **Hair** must be **groomed** well (Preferably oiled).
- Face must be **neatly shaven**.
- **First button of the shirt** must not be left open.
- **Full or ¾ sleeve or sleeveless shirts** should not be worn.
- **No bracelets** should be worn in the wrist. **Rings** can injure patients and hence not permitted.
- **No slippers** should be worn. Only shoes are accepted.
- **Jeans or Shorts or T-Shirt** should not be worn.
- ½ sleeved **White Coat** (with their college Logo) should be worn inside the college.

**Dress Regulations in Hospitals for
U.G. Medical Students – (Female)
while examining patients**

- **Hair** should not be left loose but should be well **groomed** (Preferably oiled). (Hair in dissection hall / lab / and on patients in wards & Surgery is a disaster).
- **Sleeveless or ¾ Sleeve Shirts / Salwars** should not be worn.
Jeans / Shorts / T-Shirts are prohibited.
- Too **many bangles** should not be worn.

- **Flowers or Perfumes** should not be worn.
- **Anklets with bells** should not be worn.
- **Long nails** with polish are not acceptable (This will injure the patient). **Mehendi's** on hands will look odd while examining patients and hence not permitted.
- **Pallus of Sarees and Dupattas of Churidhars** should not be flowing.
- **Shoes or Clogs** which cover the toes are to be worn.
- ½ sleeved **White Coat** (with their college Logo) should be worn inside the College.
- All this is to ensure that female students do not create the feeling that they are women (while examining male patients).

Coat Regulations for

U.G. Medical Students – (Boys & Girls)

- All Under Graduates Medical Students must wear a **WHITE COAT** (with their college Logo) inside the College and Hospital.
- The coat must be **HALF SLEEVED ONLY**. (Full sleeve coats will hamper use of your elbows for dissection or in lab or wards). Hence coats must **expose the elbows**.
- Coats must be washed and changed **once in a week** compulsorily on **Mondays**. (Unclean and unwashed coats have been the source of cross infection).
- All U.G.'s must have **3 coats** in their possession. (Not Two). The 3rd coat should be kept as a standby for use in times when the 2nd coat is delayed in the laundry).
