### **INTERNATIONAL CONFERENCE ON SCHIZOPHRENIA 21<sup>ST</sup> – 23<sup>RD</sup> AUGUST 2014**

The sixth International Conference on Schizophrenia is scheduled to be held between 21<sup>st</sup> – 23<sup>rd</sup> August 2014 at Chennai.

The theme of this year's conference is **RESEARCH INFORMING  
CLINICAL PRACTICE**

1. Lectures by eminent researchers in the field of schizophrenia at Plenary sessions, Symposia and workshops.
2. Poster presentations on any area related to mental health: The posters will be evaluated by external judges for two prizes for the **BEST POSTER**
3. Young researchers are invited to submit full papers of original research work.
4. This year a new program titled **Addressing Mental Health Challenges: Program to Build Research Capacity** is being initiated. This program will foster a liaison between an aspiring scientist and a mentor, to promote capacity building in mental health research.
5. The post-conference workshop will bring experts in the domains of mental health policy, priorities, capacity building and funding, to inform and interact with the research community at Icons. We especially hope to motivate more attendees to consider contributing to research which is responsive to policy and funding priorities and is vital to informed and humane clinical practice.
