

BACHELOR IN AUDIOLOGY AND SPEECH LANGUAGE PATHOLOGY

SECOND YEAR – SEMESTER - IV

PAPER II – CHILD LANGUAGE DISORDERS

Q.P. Code: 802362

Time: Three Hours

Maximum : 50 Marks

Answer All questions

I. Elaborate on: (1 x 10 = 10)

1. Write any one of the theories of language acquisition.

II. Write notes on: (5 x 5 = 25)

1. Characteristics of Autism spectrum disorder.
2. Types of Augmentative and Alternative Communication.
3. Criteria for termination of therapy.
4. Need for referral reports.
5. Development of language component during preschool period.

III. Short answers on: (5 x 3 = 15)

1. Definition of Learning Disability.
2. Define Multiple Disabilities.
3. What is Tele rehabilitation?
4. What are the variables influencing second language acquisition?
5. Why do we have to involve caregivers and family members in intervention?

BACHELOR IN AUDIOLOGY AND SPEECH LANGUAGE PATHOLOGY

SECOND YEAR – SEMESTER - IV

PAPER II – CHILD LANGUAGE DISORDERS

Q.P. Code: 802362

Time: Three Hours

Maximum : 50 Marks

Answer All questions

I. Elaborate on:

(1 x 10 = 10)

1. Importance of home training program and counselling for children with language disorder.

II. Write notes on:

(5 x 5 = 25)

1. Classification of attention deficit hyperactive disorder.
2. Definition and causes of acquired childhood aphasia.
3. Use of technology in language intervention in children.
4. What are the test materials available for assessment of autism spectrum disorder in children?
5. Write short notes on parallel talk and expansion.

III. Short answers on:

(5 x 3 = 15)

1. Define intellectual disability.
2. Define specific language impairment.
3. What are SMART objectives?
4. What are the strategies to collect language sample in a child with language disorder?
5. How sensory impairment affects the language development?
